Current Procedural Terminology (CPT) codes are used for reporting medical services and procedures performed by physicians. Their purpose is to provide a uniform language that will accurately describe medical, surgical, and diagnostic services, thereby providing an effective means for reliable nationwide communication among physicians, patients, and third parties. This system of terminology is the most widely accepted nomenclature for the reporting of physician procedures and services under government and private health insurance programs. CPT V. 6.0 provides the software to update the CPT file...Â American Medical Association. Current Procedural Terminology. Category name associated with a specified CPT code. Health Care Financing Administration.
